Why use the platform?

Promote or undertake opportunities

Promote your volunteering opportunities

List your events and find new audiences

Ask for help

Platform Benefits

Gain insight

Raise your profile with our network of 1000s

Promote your stories

Power Traits

Our self assessment is based on our 5 Power Traits

Authentic - Principled - Creative - Collaborative - Resilient

Follow these 4 simple steps to discover your personal Power Traits

1.

Complete your self-assessment by answering questions for each Power Trait. The completed sections will make up your personal qualities and characteristics to form your iris.

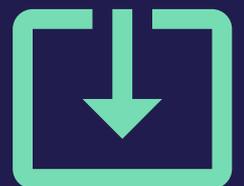

2.

You can then export your results to monitor your progress and areas to improve as part of your self development. You may save your progress throughout the self-assessment and return to complete it at a later time.

3.

Each trait is broken down into sub-sections which are made up of multiple questions to answer using a Red/ Amber/ Green system. The aim is to work towards marking all the questions in green.

4.

You may save your progress throughout the evaluation and return to complete if you wish. Once you've COMPLETED your self assessment you can download your results and monitor your progress.

Our Guiding Principles

The ethos of our platform has been developed on a set of guiding principles: Pay it forward, Be Generous and Make a Difference.

Pay it Forward

The community believes in supporting others to develop and rewards those who strive for positive results. The community sponsors people and events whether individuals are attending, training or hosting.

Be Generous

The community is generous with both its time and skills and people are willing to share knowledge in order to benefit its members. The Power Platform works to inspire and showcase the talents and skills across the community.

Make a Difference

The community is here to make a difference to individuals and their personal and professional groups. To deliver what matters to people regardless of the size of a task or the amount of time it might take.

Why use the Platform?

Skill swap

Share your unique skills and learn from others

Find a mentor

Gain support and guidance from your personal mentor

Attend events

Discover exciting events to attend and enjoy

Volunteer

Take part in volunteering opportunities that suit you

Career development

Connect with professionals, attend events and discover opportunities with others on the platform

Networking opportunities

You can search for relevant opportunities including volunteering, work experience, paid work, events and more

Expand your knowledge

Expand your knowledge from our range of media that is always being updated

Pay it forward

Use your CSR opportunity to pay it forward to your community

Discover your Power Traits

Measure yourself against our self assessment criteria and discover your Power Traits
